

Nine patrol units were transitioned to a black and white color scheme. This was accomplished through sponsorships by local businesses. A business paid the expense of painting the vehicle and received recognition on the vehicle's bumper. The black and white units give the department a traditional look and increases patrol's visibility. In the future, police vehicles will be ordered with the new color scheme.

We salute the following businesses for their contribution to the program by going above and beyond in supporting police services in our community.
