Bowman Perry donated a remote controlled vehicle carrying a wireless video camera to the Mountain Home Police Department. The donation saved the department several thousand dollars and allows use of equipment that provides additional safety for police officers. If time allows, the equipment can be used to remotely view areas prior to police officers making entry into a potentially hazardous situation. Bowman states he has several friends on the police force and doesn't want to see anyone harmed.

We salute Bowman for his contribution to the program by going above and beyond in supporting police services in our community.

Thanks

**BOWMAN PERRY**
